## ABOUT

Self-taught full-stack developer with 7+ years of experience specialising in React, Vue.js, and modern JavaScript ecosystems. Proven track record of implementing innovative solutions including AI integration, with experience leading technical initiatives and mentoring junior developers across agency and enterprise environments.

## SKILLS

### Frontend

- React, React Native, Next.js, Redux, Vue 3, Nuxt, TypeScript, JavaScript (ES6+), Tailwind, SCSS, GSAP, Three.js

### Backend

- Node.js, Express.js, RESTful APIs, MongoDB, Redis, MySQL, Git, Docker, AWS, Firebase, WordPress, Shopify, Craft CMS

## EXPERIENCE

### Full Stack Software Developer

#### Vindico

March 2024 - August 2025

- Developed comprehensive healthcare management system for 12+ nursing homes using React and Node.js, implementing AI-powered automated note creation with ChatGPT that eliminated manual documentation processes for care staff
- Developing enterprise event management platform using React, Vue 3 and Express.js
- Built responsive component library with React for cross-platform consistency
- Implemented secure user authentication systems and CI/CD pipelines using Infisical

### Creative Developer

#### Diva Agency

Feb 2020 – March 2024

- Led React development for major video game clients and established agency standards
- Created immersive 3D web experiences using React Three.js (react-three-fiber)
- Developed React & Vue based interactive experiences for key entertainment industry clients
- Developed internal automation tools that revolutionised agency workflows and localisation processes, eliminating manual tasks and standardising project delivery

### Full Stack Developer

#### Freelance

March 2019 – Present

- Created scalable web applications for small to medium businesses
- Designed and developed custom e-commerce solutions using Vue.js and Shopify
- Developed React Native mobile applications with cross-platform functionality
- Implemented comprehensive SEO strategies that delivered substantial organic traffic growth across multiple client websites in various sectors

### Web Developer

#### Conscious Solutions

November 2017 – March 2020

- Managed end-to-end website development projects
- Developed and maintained custom JavaScript plugins for legal sector clients
- Led technical training sessions and workshops for clients and team members
